Take Your Skills to the Next Level!

Medical Records Specialist

CEHRS-Certification

READY TO WORK! APPROVED TRAINING PROVIDER

A Medical Records Specialist manages and maintains patient health information in hospitals, clinics, physician offices, and other healthcare settings. They organize, review, and update medical records to ensure patient information is accurate, complete, secure, and accessible to authorized healthcare professionals. Their responsibilities include managing electronic health records, processing medical documentation, maintaining patient confidentiality, and ensuring compliance with healthcare regulations and privacy standards. They play an important role in supporting quality patient care, accurate billing, and efficient healthcare operations.

GET TUITION & FEES PAID for training in high-demand careers! Training only takes 16 weeks for a career that will take your life to the next level!

GET SUPPORT FOR THE NEXT LEVEL! In-person & online training includes textbooks, software, licenses, study materials and more.
